Dear Sir/Madam

Re: Peyton Jewell

By way of introduction I am Joseph(Joe) Pattison. I am a rowing coach within the Youth Development Programme at Brisbane & GPS Rowing Club, Brisbane. I have been a coach of school age rowers for the last 10 years. I presently hold my Rowing Australia Level 2 coaching accreditation. I am the senior sculling coach in the All Hallows School programme.

Peyton was referred to me in November 2016 from the Under 19 competitive squad to spend some on water time with my Technique and Development Squad. This is a small group of girls usually in their 4th season of rowing, wanting to row in the Summer months to be ready for their school competitive season in the Winter months.

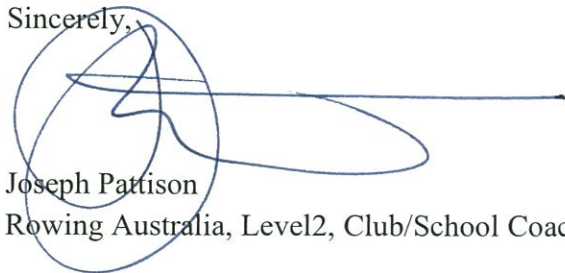

In my first couple of sessions on the water Peyton rowed in a single scull and I saw some basic technical errors.

We worked on these with success and by February 2017 Peyton had improved a lot in her technical abilities.

Peyton raced in one of the regional regattas in February against some Open Class rowers who have had State and National success and acquitted herself very well.

Peyton is a young developing rower who with good coaching shall have an interesting rowing pathway.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a horizontal line that extends to the right and then loops back under the 'J'.
