To Whom It May Concern,

I am pleased to recommend to you Seth Macute for your study and play programme. I have known and watched Seth grow with a keen sense of pride, since he was about 3 years old-back in New Zealand.

His extreme talent will speak for itself but above all, his humble and non-assuming character will sustain his talent through all seasons.

Seth is a gem waiting to be discovered and I hope he finds a home in your organisation.

Happy to be contacted in future if necessary.

Yours sincerely
