To Whom it may Concern,

Sala Yoshida joined our tennis program over 2 years ago, with an enthusiastic attitude and inquisitive mind.

Sala progress has been quite rapid, from a club standard player when she arrived to competitive state tournament player today.

Sala has a wonderful work ethic both on and off the court; her tennis skill along with her developing competitive skills have seen her become a solid competitive tournament player. With further hard work and development Sala should become a consistently high performer at tournament level.

Sala's inquisitive mind has resulted in her consistently developing an all court game, with the ability to use a net game and serve and volley when required.

Sala is also a very accomplished athlete with great speed and endurance; her energy is expressed in the way she approaches both training and competition.

With a few more years of hard work combined with a well-designed tournament schedule, Sala should be well suited for a successful college career. She is a very good team player and an establishing doubles player.

Sala has also been a regular coaching assistant in our youth develop programs and camps. And has shown high levels of maturity, leadership and professionalism in her role as coach and mentor to our young kids.

Yours Sincerely,

Roger Tyzzer

Director Pro Experience Tennis
