## TO WHOM IT MAY CONCERN

### JACK DAVID WAGNER

Jack is currently in Year 11 at Toowoomba Grammar School studying Ancient History, Biology, English, Graphics, Manufacturing and Mathematics B. He is a member of Stephens House and has involved himself in the life of the School.

As his Day Housemaster and once English Teacher, I have known Jack for all of his four years at the School and in that time I have enjoyed witnessing his development as an individual. He is an approachable young man who has given me absolutely no reason to question his character.

He has proven himself to be reliable and completes all tasks to the best of his ability. Homework and assignments are always completed and presented on time.

Jack is a polite, friendly, hard-working student who achieves pleasing results academically. He has shown a level of industry in all work related to his studies. His involvement in the extra-curricular program is also a fine testimony of his character and willingness to be involved at the School.

Jack is focused on developing effective study plans with a view to being able to solve difficult, new problems with creative thinking and unique solutions. Let alone his impeccable manners, his ability to separate himself from distracting influences and maintain his independence is certainly one of his strengths. With his Senior year still ahead of him, he has also dedicated himself with great commitment to sport with selection in the 1<sup>st</sup> V Basketball team already.

He is a sociable person, has formed very good relationships with his peers and is well regarded by students and teachers alike. An honest role-model, Jack has a down-to-earth demeanour which will hold him in good stead for whatever opportunities lie ahead of him.

I am pleased and proud to be able to recommend Jack to you.
