To whom it may Concern

**Re: Millie Khoury**

My name is Susie Callear, I work for The McDonald College in the Learning Enrichment Department. Through this role I have become acquainted with Miss Mille Khoury. Mille started at the College in May 2015.

Millie is a very friendly, caring and courteous student, she is always considerate of others and willing to help out whenever possible. Millie has overcome some obstacles in the last couple of years showing that she is a strong, trustworthy and balanced student.

Millie completes tasks to the best of her ability, however, she does put a lot of pressure on herself to attain "perfection". I am sure that Millie will achieve great things in the years to come and she will succeed in any avenue she wishes to pursue. I wish her all the best in the future.

Kind regards

Susie Callear
