## TO WHOM IT MAY CONCERN

DARIO KMET has asked me to write a testimonial for him: this we do with great pleasure.

Dario was a respected and valued member of Trinity Grammar School for six years, having joined the School as a Year 5 student in 2012, moving from Canberra Grammar School at the time his family relocated to Sydney. He left the School at the end of Year 10 to further his Tennis opportunities at Voyager Tennis Academy which has a partnership with The McDonald College, a well-respected school for elite performing arts and tennis athletes. We have come to know Dario as a trustworthy, considerate and dependable young man who is highly regarded by staff and students alike.

Academically, Dario was a conscientious and diligent student who always gave of his best in the classroom. This positive approach saw him achieve sound academic standards during the years he spent with us.

Dario had the opportunity to develop his many natural sporting and creative talents. His record of achievements at Trinity is as varied as it is wide and includes representation of the School at the highest level in Tennis where he was a member of the Senior 1<sup>st</sup> Team from Year 7. Dario's contributions to this sport have been nothing short of exceptional and his talent and dedication to training saw him selected to compete in many prestigious competitions including representing the School at the CIS level. By the time Dario left Trinity Grammar School in Year 10, he held Australian ranking well inside the top 300 and was number 5 for his age in NSW. He also participated in other sporting activities such as Athletics and Football, representing the School in the CAS competition and in the Kanga Cup. Dario also found time to commit to Chess and, as a member of Kerrigan House, enthusiastically took part in all House activities and Challenges.

Dario has a warm, caring and engaging personality, and this led to him undertaking leadership roles within the School from his time as a Prefect in the Junior School. As a member of the senior cohort, it was incumbent upon him to set an example and to use his initiative, and this he has readily done.

In all, we have always found Dario to be a young man with the potential to succeed at any task that he set himself. He is a fine Trinitarian and we have no hesitation in commending this young man to you.
